Our Mission

CISV is an educational, inclusive non-profit organization, founded in the belief that peace is possible through building friendship and mutual understanding, starting with children. We aim to help our participants develop the skills they need to become informed, responsible, and active global citizens and to make a difference in their communities and the world. CISV educates and inspires action for a more just and peaceful world.

What we do

We offer an exciting blend of international programs and local community programs for ages 10 and up. CISV has developed an innovative, fun, 'learning by doing' way of working on our 4 main educational content areas: diversity, human rights, sustainable development and conflict and resolution.

About Village

CISV Villages are international camps that inspire eleven-year-old children to imagine a more just and peaceful world. Each Village welcomes delegations from 10-12 countries. Each delegation has two boys and two girls, accompanied by an adult leader. A Village creates a safe, fun setting in which children learn about each other's' lives and cultures and how to communicate, cooperate and live together.

The Village learning experiences and the friendships made will last your child a lifetime.
